-  Was your unvaccinated child in close contact* with anyone confirmed with COVID-19 within the last 2 weeks?

 If the answer is **YES** to **ANY** of these questions, **DO NOT** send your child to school. Instead, **begin quarantine** of your child and contact your healthcare provider. Strongly consider COVID-19 testing.

 If **ANYONE** in your home has been tested for COVID-19 (**excluding routine testing**) or is symptomatic, **DO NOT** send your unvaccinated child to school until the results have been obtained.

 If your unvaccinated child has traveled, CDC Travel Guidelines advise that individuals who have traveled should quarantine for 7 days with a test on day 5.

COVID-19 Parents Screening Tool - [Subject to Change Based on New Data/Guidelines](#) - REVISED August 16, 2021

Thank you for all you do to keep our school community safe and healthy. It can be difficult to understand the health protocols. Here's a quick list of steps to follow if your child is presenting with any symptoms consistent with Covid.

1. Keep your child home and report the absence to the school nurse.
 2. Call your child's doctor and follow their recommendations.
 3. Your child can return to school with a negative Covid test and improved symptoms.
- OR
4. Your child can return to school with an alternate diagnosis and note from the doctor and no or improved symptoms.
 5. Call or email the school nurse to inform us of the return to school plan.

If your child is a close contact of a positive individual or anyone in the household is awaiting test results, please keep your child home and contact the school nurse. If your child is fully vaccinated and we have a record of that, you can inform us of the positive case and send your child to school.

MAKE UP WORK

If your child is home sick or awaiting test results, teachers can send home missed work so your child doesn't fall behind. Please allow 24 hours for our teachers to prepare the assignments, directions and materials. We want the work to be meaningful and doable for your child.

REMOTE LEARNING

Remote learning is only available to students who have a positive case of Covid or are a close contact due to an out of school exposure. Again, please allow 24 hours for our teachers to prepare the assignments, directions, and materials. Google Meets will be set up if the student has adult support available at home during live instruction. Otherwise, work will be available through SeeSaw or

Google Classroom with a virtual conference with the teacher. Due to changes in the quarantine recommendations, we can provide virtual instruction if a student will be 3 days or more. If your child will be out for one or two days, teachers can provide students with assignments and will meet with your child upon their return to reteach as needed.

PRINCIPAL'S CORNER

Thursday, June 2nd at 5:30 we welcome our families to the Celebration of Learning! This is a Botelle tradition where students take their families on a learning journey of their growth and accomplishments during the 2021-22 school year. Visit your child's classroom to play a math game, read published writing, see the favorite books your child read and more. Don't forget to stop by the Art Show in the Hall of Flags, the MakerSpace, and the gym for some exercise, fun and games. We will all meet in the gym at 6:30 for the Spring Concert with Ms. Krusch and Ms. Kleisner. Our teachers are very excited for you to see all our students have learned this year!
