NORTHWESTERN REGIONAL #7 FOOD TRUCK KINDNESS IN MOTION FESTIVAL

We would like to invite you and your school community to our *Second Annual Kindness in Motion Food Truck Festival on Saturday, June 4th from 12:00-6:00 pm at Northwestern Regional High School!* In addition to food trucks and music, there will be plenty of family friendly activities such as bounce houses, inflatables, sports, yard games, face painting...and more! We will also have a helicopter fly-in and a fire truck! There is something for all ages!

We are asking for a \$5 donation per person which will go directly towards funding our Kindness in Motion program for the 2022-23 school year. As you know, our Kindness in Motion program is an initiative aimed at promoting and spreading kindness. We would like to celebrate the end of a great year with this Festival!

Due to the pandemic, we have not been able to host this event since 2019. Here is the promotional video from the last food truck festival: <https://vimeo.com/340653826>

- ⚠️ If your unvaccinated child has traveled, CDC Travel Guidelines advise that individuals who have traveled should quarantine for 7 days with a test on day 5.

COVID-19 Parents Screening Tool - **Subject to Change Based on New Data/Guidelines** - REVISED August 16, 2021

Thank you for all you do to keep our school community safe and healthy. It can be difficult to understand the health protocols. Here's a quick list of steps to follow if your child is presenting with any symptoms consistent with Covid.

1. Keep your child home and report the absence to the school nurse.
2. Call your child's doctor and follow their recommendations.
3. Your child can return to school with a negative Covid test and improved symptoms.

OR

4. Your child can return to school with an alternate diagnosis and note from the doctor and no or improved symptoms.
5. Call or email the school nurse to inform us of the return to school plan.

If your child is a close contact of a positive individual or anyone in the household is awaiting test results, please keep your child home and contact the school nurse. If your child is fully vaccinated and we have a record of that, you can inform us of the positive case and send your child to school.

MAKE UP WORK

If your child is home sick or awaiting test results, teachers can send home missed work so your child doesn't fall behind. Please allow 24 hours for our teachers to prepare the assignments, directions and materials. We want the work to be meaningful and doable for your child.

REMOTE LEARNING

Remote learning is only available to students who have a positive case of Covid or are a close contact due to an out of school exposure. Again, please allow 24 hours for our teachers to prepare the assignments, directions, and materials. Google Meets will be set up if the student has adult support available at home during live instruction. Otherwise, work will be available through SeeSaw or Google Classroom with a virtual conference with the teacher. Due to changes in the quarantine recommendations, we can provide virtual instruction if a student will be 3 days or more. If your child will be out for one or two days, teachers can provide students with assignments and will meet with your child upon their return to reteach as needed.

PRINCIPAL'S CORNER

Every spring we ask families to give us feedback about Botelle School. We use your feedback to set goals and improve. Last year's survey showed that many parents did not know if our students and staff were respectful of differences and sensitive to issues regarding race, gender, sexual orientation or disabilities. While we pride ourselves on accepting each and every child for who they are and help each one feel a sense of belonging, if our families didn't know, we wanted to be sure you did!

Your feedback led to our One Book, One School initiative. Each month we highlighted a group of people and we chose a picture book that represented that group in order to raise our students' awareness of that group's culture, history, contributions and struggles. We've highlighted Hispanic Americans, Native Americans, African Americans, women, and those struggling with poverty and disabilities. This month we learned about Asian Americans and Pacific Islanders and next month we celebrate the LGBTQ+ community. By raising our students' awareness we've shown that although we

may look different, have different abilities and circumstances, we really have much more in common that unites us.

Please complete this year's survey to help us understand your perspective on our strengths and how we can improve. As families and educators we share a common goal - to educate the whole child by honoring their strengths and challenging each one to grow and achieve their goals. We love your children and want them to love learning!
