

Student Contests

Student contests and competitions may be considered for approval by the Superintendent on the recommendation of the school administration. The following criteria are to be considered in determining whether or not approval may be given:

1. The contest is educationally sound and worthy.
2. The contest is stimulating to the students and the school and is desirable for both.
3. The contest must not place an undue burden on students, families, teachers and/or the school.
4. The contest is not commercial or sectarian.
5. The contest will not interfere with the school day.
6. Participation from state and national principal groups are considered.
